2.1 Members' attention is drawn to a report to this Committee on Tuesday, 10 April 2018, explaining the introduction of a voluntary national database, allowing Councils to record details of why a taxi or private hire vehicle driver's licence has been refused, revoked, or suspended, and enabling authorities to check new applicants against the register. This voluntary register was proposed by the Local Government Association (LGA) as a private Member's bill which had been seeking to introduce such a register had stalled in the House of Commons.

That bill was passed and the relevant provisions are to be found in the Taxis and Private Hire Vehicles (Safeguarding and Road Safety) Act 2022.

2.3 In 2018, Committee authorised the Head of Legal and Democratic Services to arrange for the Council to sign up to the national database and join the National Anti-Fraud Network (NAFN) which administers the register. This was carried out, and the Council has carried out appropriate checks since the register went live in July 2018.
