# RIBBLE VALLEY BOROUGH COUNCIL REPORT TO HEALTH AND HOUSING COMMITTEE

meeting date: 21 MARCH 2024

title: REVENUE MONITORING 2023/24 submitted by: DIRECTOR OF RESOURCES

principal author: LAWSON ODDIE

#### 1 PURPOSE

- 1.1 To provide this Committee with information relating to the progress of the 2023/24 revenue budget, as at the end of January 2024.
- 1.2 Relevance to the Council's ambitions and priorities:
  - Community Objectives none identified.
  - Corporate Priorities to continue to be a well-managed council providing efficient services based on identified customer needs, whilst ensuring the Council provides council tax payers with value for money.
  - Other Considerations none identified.

#### 2 REVENUE MONITORING 2023/24

2.1 Shown below, by cost centre, is a comparison between actual expenditure and the revised estimate budget for the period April 2023 to January 2024. You will see a net overspend of £22,312, after allowing for transfers to and from earmarked reserves. Please note that underspends and additional income are denoted by figures with a minus symbol.

|--|---|
| Variance of £5,000 or more (Red)           | R |
| Variance between £2,000 and £4,999 (Amber) | Α |
| Variance less than £2,000 (Green)          | G |

- 2.2 The red variances highlight specific areas of high concern, for which budget holders are required to have an action plan. Amber variances are potential areas of high concern and green variances are areas which currently do not present any significant concern.
- 2.3 The main variances between budget and actuals on individual budget codes within cost centres have also been highlighted and explained, as follows:
  - Red budget code variances (£5,000 or more) are shown with the budget holder's comments and agreed actions in Annex 1.
  - Amber budget code variances (£2,000 to £4,999) are shown with the budget holder's comments in Annex 2.
- 2.4 There are no specific major variances that are anticipated to remain at the end of the year at this stage.
- 2.5 Some of the largest variances currently showing relate to grant funding and these will be offset by movements in earmarked reserves. It is important that officers work with LCC to ensure that the necessary invoices are raised for the Homes For Ukraine funding as soon as possible.
- 2.6 The other larger variance is in respect of housing benefits, and again, the housing subsidy claim at the end of the year should resolve any of these variances net overall, as funding through subsidy will largely match expenditure.

#### 3 CONCLUSION

- 3.1 The comparison between actual expenditure and the revised estimate budget for this Committee at the end of January 2024 shows a net overspend of £22,312, after allowing for transfers to and from earmarked reserves.
- 3.2 At this stage, it is expected that this Committee's net expenditure outturn for the full year will be largely within the 2023/24 revised estimate.

As a result, there is unlikely to be a significant net overspend at year-end. | Adjustments through the final subsidy claim will negate the majority of this variance. |
